The exclusive Peninsula Ceremonies are elegant treatments using high quality products.

Each signature treatment begins with The Peninsula Tea Ceremony, an in-depth consultaion and a relaxing foot ritual.

KEIHATSU ENLIGHTENMENT MASSAGE

1 hour 50 minutes

Our signature experience. Ancient massage techniques originated in Eastern Asia and formed the foundation of shiatsu today. This specialized massage includes deep kneading, rolling and stretching movements using the palms, forearms and hot stones. A blend of essential oils is used to restore vitality and promote the healthy flow of Qi or vital life force energy. This signature experience is completed with a deeply relaxing head massage.

SPIRIT OF PENINSULA BODY TREATMENT

1 hour 50 minutes

A Peninsula-exclusive ceremony to awaken mind and body. A refreshing foot bath invites you to unwind before a conditioning salt exfoliation of the body. Warmed fragrant oils and graceful massage techniques soothe the body. Finally, a detoxifying hand, foot and scalp mask containing seaweed extracts with lemongrass and peppermint is applied while a head massage clears the mind.

LIGHTEN AND BRIGHTEN
FACE AND BACK TREATMENT

1 hour 50 minutes

This facial and back treatment will improve skin texture and address areas of tension. The back is deep cleansed and exfoliated to help stimulate circulation, and muscular aches are soothed with an aromatherapy massage. While a brightening mask takes effect on the back, the lower legs and feet receive a deeply relaxing massage. A rejuvenating facial and head massage helps minimize fine lines and wrinkles, and leaves the skin radiant, hydrated and youthful.

TAILOR-MADE TIME

*2 hours 50 minutes or 3 hours 50 minutes**

TAILOR-MADE TIME SPA TREATMENT FOR TWO**

1 hour 30 minutes

ESPA's highly trained therapists will develop a customized spa treatment tailored to meet your body's current needs. Reserve your Time with us and rediscover a true sense of well-being

DOSHA SPECIFIC HOT STONE MASSAGE AND HERBAL BODY MASK

A personalized combination of body exfoliation, wrap and hot stone massage. Sun-dried sea salt and oil scrub stimulates circulation before an application of warm Oshadi clay, marine algae or mineral-rich mud are smoothed on, and the body is cocooned in natural linens. Warm oils are poured onto the body, and hot stones are used for an intensive body massage. An acupressure head massage eases any remaining tension.

PITTA PACIFIER

1 hour 50 minutes

This treatment will bring calm to the mind, reduce muscular tension, and cool and soothe the skin.

KAPHA STIMULATOR

1 hour 50 minutes

Balance is retrieved through purification and stimulation to energize the mind and body.

VATA COMFORTER

1 hour 50 minutes

The warmth, nourishment, hydration and comfort of this treatment will restore balance.

ESPA AYURVEDIC INFLUENCE

A truly personal experience. Each treatment is created to meet the specific needs of the moment. A tri-doshic herbal tea infusion and foot cleansing ritual begin the experience.

PURVA KARMA FOUR HAND MASSAGE

1 hour 50 minutes

An ideal experience for those who find it difficult to unwind. To begin, one therapist will carry out the welcome foot ritual, body exfoliation and facial cleanse. Two therapists then connect to commence the four-handed tension-releasing body massage. Using advanced combinations of stretching and long, deep strokes, this treatment features the pouring of warm oil and use of hot stones, finishing with a therapeutic head massage to achieve total relaxation.

CHAKRA BALANCING WITH HOT STONES

1 hour 50 minutes

A perfect treatment to relieve deep-seated tension and muscular stress. Skin brushing, exfoliation and an ESPA express cleanse begin the treatment. The body is massaged with blended aromatherapy oils and Ayurvedic infusions, combined with the use of hot stones to release tension, working on the vital energy points and chakras around the body. This treatment ends with a deeply soothing head massage to relieve stress from mind and body.

ESPA FACIAL FOCUS

Every facial begins with a detailed skin analysis using a specialized lamp, which reveals skin conditions not visible to the naked eye. The facial will then be designed to address the highlighted concerns. Results driven, these facials use a fusion of nature, science and advanced treatment techniques to deliver clear, youthful and radiant skin.

SKIN BRIGHTENER AGE DEFYER FACIAL

1 hour 20 minutes

Ideal for dull, lifeless skin and tired eyes, this facial leaves the skin visibly brighter. Face, neck and décolleté benefit from a deep cleanse and exfoliation, followed by the ESPA intensive eye treatment. Lymphatic drainage and acupressure techniques clear the complexion and bring fresh oxygen to the cells. A brightening face mask, rich in natural AHAs and BHAs, boosts skin cell renewal while a stress-relieving scalp massage takes place. The result is a more radiant, hydrated and youthful appearance.

BACK, FACE AND SCALP MASSAGE WITH HOT STONES

1 hour 50 minutes

This treatment targets the classic areas of stress, from headaches, neck pains and shoulder tension to the effect these have on the skin. A stimulating and deep cleansing back exfoliation is followed by an intensive back massage using volcanic hot stones and aromatic oils to melt away tension. The personalized ESPA facial then follows, which concludes with a stress-relieving scalp massage. The result is re-hydrated, revitalized skin, a cleansed and powerfully massaged back and a sense of deep relaxation.
