THE FELIX LAB

Inspired by the notorious "*Farm-To-Table*" endeavor, The FELIX Lab's ambition is to break down barriers surrounding the naturality of mixology and showcase the organic aspects of our drinks in the same way our chefs showcase the beauty of their ingredients in their dishes.

FELIX LAB, located in one of our many kitchens at The Peninsula Hong Kong, comes complete with its own innovative equipment and processes used for the creation of bold new ingredients by incorporating a wide range of botanicals and seasonal produce whilst supporting our local partners in the community.

Our flavors may shift with the seasons but if there is one force that is unwavering, it is our conviction and commitment to sustainability and a greener environment.

We hope that you enjoy your liquid journey with us and look forward to speaking with you more about this exciting list we have prepared for you. Cheers!
